City Will Study Cost Of West Main Paving

YOEMAN COACHES — Shown above are the four coaches for the Yoemen From left, are Coaches Walter Johnson, Jack Larrimore, Harrison McClerren, and head coach Billy Bates. McClerren is the only coach remaining from last years staff. For the complete story on Yoe football see page 5. —Staffoto

Group Requests Consideration Of Improvement

The City Council Tuesday called for a cost analysis of paving West Main St. from the Southern Pacific Railroad to Orchard St.

City officials asked for the figures after a delegation of West Main St. residents asked for paving along Main from Crockett to Orchard.

Lincoln Mondrik, a spokesman for the group, asked that the council follow up with a committment on paving and pea graveling made by the City Council in February.

Mayor Coleman Duncum said the city was working on a master drainage program that included plans for regrading Main Street between Crockett and the SP tracks. He said this would mean delay of paving that section until a new grade is completed.

But he said that costs would be figured for double penetration and pea graveling the street from the railroad tracks to Orchard.

The Council also discussed a petition signed by about 20 residents of North Karnes in northeast Cameron seeking installation of sewerline service in that area.

Councilmen discussed earlier plans for looping north Cameron with a line to serve that area or providing a lift station to connect that area with lines in the northwest part of the city.

Mayor Duncum also read a reply to a letter from several Cameron Latin American citizens explaining that the City of Cameron had no jurisdiction over Cameron Field, built this year for Little League and Babe Ruth baseball by a concerted community effort.

In other action the Council:

ONE — —Approved transfer of $2470 from city contingent funds to street gas, oil and labor funds to cover additional expenses incurred in current drainage and street work.

TWO —— Set a Council meeting for tonight to study the proposed city budget and work out final budget requirements prior to a public hearing on the budget early in September.

Budget Hearing Set For Tonight At City Schools

The Cameron School Board Thursday night set a public hearing for the proposed 1960 - 61 Cameron School District budget for 7:30 p. m. today.

School officials will also open bids on gasoline and oil for school vehicles.

Last Thursday the board approved a contract to assume operation of the former GI Vocational Building and equipment for use in Cameron School system.

Supt. Earl Knebel said that 10 typewriters used in the GI school would be used in the Cameron system and that a typing course would be installed in O. J. Thomas School with the additional equipment.

Supt. Knebel also noted that James Sewell, YHS industrial arts teacher submitted a letter of resignation Saturday morning.

And the board adopted the amended budget for the 1959 - 60 school year.

Supt. Knebel reported that construction on the new Yoe Field pressbox and repair of bleacher seats was progressing on schedule. Wiese Lumber Co. is constructing the new pressbox while school custodians are installing new seating to replace worn ones.

1,600 Cameron Students . . . .

1st School Week Packed

About 1,600 Cameron school district students will go back to school September 1, but a number of pre - school activities for faculty and some students is scheduled.

Supt. Earl Knebel announced that teachers meetings and individual conferences with faculty and principals will be conducted Monday and Tuesday, August 29 - 30.

And he said a school faculty meeting is scheduled 10 a. m. Tuesday, August 30, for all teachers at Ben Milam Cafetorium.

School officially opens Thursday, September 1. First classes will end Friday afternoon, September 2 until Tuesday, September 6, for the Labor Day Weekend.

The season's first football game with West is scheduled at West Friday night, September 2.

Another first week activity will be the annual Cameron Parent Teacher Association reception 7:30 p. m. September 1 at the YHS tennis courts. Supt. Knebel said that school patrons are invited to attend.

Principal Max McClaren asked that new first grade students and those who have not pre - registered register at Ben Milam School prior to the opening day of school between hours of 9 to 3.

Officials said that 6 - year - olds entering the first grade for the first time and already registered need not report.

Those yougsters reporting should have their birth certificate, and certificates of immunization against small pox diptheria. These documents are required before admission is granted to the first grade.

Registration of new students in all other grades can be made with principals in the various schools.

School Appoints Coach, Principals

Two new principals and a new coach have been appointed by Cameron School officials in a week of pre - school planning for opening day September 1.

Supt. Earl Knebel said that the school board had approved the appointment of Arley Attaway, 32, former elementary principal at Rockdale, as Ada Henderson principal.

Also appointed to the administrative staff was Max McClaren, Yoe High School English teacher, who will be elementary principal of Ben Milam School.

And Wallace Johnson, 41, former head coach at Ceder Hill, will replace Billy Ray Dickey, an assistant coach for Yoe Hogh School who resigned prior to the opening of school to take a similar post at Alvin High School.

Attaway's appointment followed the unexpected resignation of Leon Brady, veteran elementary principal of Cameron Schools, due to health reasons.

Attaway was elementary principal at Rockdale for the past three principal experience at Calvert. years and has had high school He is a graduate of Henderson State Teachers College and holds a master's degree from East Texas State College.

McClaren, a native of Cameron and English teacher at Yoe High School last year, will continue to instruct English at YHS and direct administrative duties at Ben Milam, Supt. Knebel said.

McClaren is at Baylor University this summer working on his master's degree with an English major and administrative minor.

The new coach, Johnson, will join the coaching staff in Dickey's place. He will teach mathematics at Ada Henderson and be assistant coach, Knebel told The Herald.

He has been coaching 12 years following graduation from Austin College, Sherman and completion of a master's at Sam Houston State College.

40 Attend First Civil Defense Class In Cameron Monday

About 40 Cameron residents attended the first Civil Defense meeting Monday night at Yoe High School Ag. Bldg.

James Luckey gave the first three - hour class on Civil Defense procedures. The group made plans for additional three - hour sessions to complete the course.

He said Cornelius Titsworth, UHS vocational agriculture instructor, will attend a lecturers course on civil defense to the group. giving lectures on the subject.

Luckey passed out handboods on civil deftnse to the group.

Three more classes for the grup will be held at Yoe High School to complete the first civil defense course.

Ol' 101

With F. M. L.

Column 101 is anecodoteless.

Without question, this is a catastrophe for a column concerned with anecodotes.

It causes us to put out a semi-annual appeal for anecodotes, old and new, to keep the editorial coffers from going bare.

Until help is forthcoming, we are forced to turn to and remind ourselves the proper definition of anecodote, to wit:

"A short, entertaining account of some happening, usually personal or biographical." -- Webster.

101 - 101 - 101

We are reminded of a system explained by Bill Hayes, Temple memory whiz, when we are unable to remember those things that ought to get into print.

He told Cameron Rotarians last week how to remember 10 items on a shopping list. He named the 10 items rapidly, then asked how many could remember them after 40 seconds. Showing it was difficult to remember lists of things without a system, he then repeated the list, drawing a mental picture of the 10 items in action.

He asked Rotarians to picture (mentally) a large table with a pen balanced in the middle, upon which there was cake covered with syrup, matches burning all around the edge of the table, a mouse trap on the floor and other listed items in disarray throughout the image.

Some of the Rotarians got all 10 items, thus imagined. As you can see, I can remember only about five of the original 10. And I am not sure how many I remembered during the demonstration.

The same problem applies to remembering ancedates, jokes, funny sayings, etal. Our intentions are good, but our memory system is not.

That may be why this week's column went unremembered. And were it not difficult to explain blank spaces on a front page, it could be a reason why this column should have gone unwritten.

Yoeman Practice Gets Underway

The fighting Yoemen footballers are at it again, thus goes the yell from Yoe High School Athletic Field, where Billy Bates and his crew of 1960 Yoemen are well underway with pigskin practice.

After three days of twice - a day workouts Bates is learning his material and already has high hopes for the coming season.

The Yoemen saw scrimmage action the first day on the gridiron and haven't let up since.

Assistant coaches Jack Larimore and Wallace Johnson make up the rest of the new staff. Harrison McClerren rounds out the staff and ranks as the only veteran from last year.

Forty - three boys have shown up so far and Bates hopes to have at least 60 out when school starts.

The average weight of the 43, which includes B team players and freshmen is 152 pounds.

Heaviest boy in the squad is 212 pound senior tackle, Bertie Shumate. Eugene Schattle, sophomore center tips the scales at 198 pounds and all - district fullback Ernest Bayer weighes in at 196 pounds.

Bates plans to operate off an Iowa wing T formation. His roster consists of 17 backs, 3 centers, 6 guards, 7 tackles, and 8 ends.

Pat Dillon, 120 pound senior and Jimmy Woodum, 140 pound junior are the top competitors for the quarterback spot. Despite his size Dillon is an excellent ball handler and has good speed. Woodum saw some action at the position last years as an understudy to Carroll Fikes.

Fikes has been moved to the halfback spot. Douglas Parker, Fikes, Earl Morgan, Amos Doskocil, Ed Michalka, David Walston, and Craig Wallace head a list of speedy but small and mostly inexperienced backs.

Big Ed Lierman is in top condition, tipping the scales at 174 pounds and showing his usual speed on the field. David Barkemeyer has moved from center to end. Bobby Griswold is manning the other end. Both are good pass receivers and have the size for downfield blocking.

Bobby Hillman, Chris Gay, Bob Dymke, Johnny Richter and Roy Wohleb head the list that will figure in this years team.

Hospital Fund Total $55,000

The Newton Memorial Hospital fund total reached $55,000 this week.

Officials said final letting of bids was being delayed due to finances.

Consideration was being given to leasing out part of the present hospital facilities for about a year to serve as additional income while the new hospital is being built, officials noted.

Officials were working with contractors to see if building and site costs could be reduced to assure construction of the hospital.

Newton Memorial Hospital fund headquarters was closed last week and moved to the hospital.

Officials expressed sincere appreciation to the contributors who pledged or gave donations.

KC's Plan Picnic For October 2

The Knights of Columbus annual picnic is scheduled for October 2, according to Lincoln Mondrik, general chairman.

Plans include a sausage and barbecue dinner and a dance that night.

Quarterback Club To See Grid Film In First Meeting

A movie on "Holiday Bowls" will be shown at the first meeting of the Cameron Quarterback Club 7:30 p. m. Monday at the YHS Vo - Ag Bldg.

The movie shows outstanding plays of the TCU - Clemson, Arkansas - Georgia Tech and Texas-Syracuse New Year's Bowl games of 1960.

Election of officers and introduction of new coaches Bill Bates, Wallace Johnson, and Jack Larimore will be on the agenda.

Johnson, 41, formerly head coach at Ceder Hill, was hired to replace Bill Ray Dickey, who resigned before school opened to take a post as assistant coach at Alvin High School.

Quarterback Club members extended an invitation to everyone to attend the first meeting of the season. Officials expected an enthusiastic year as Yoe High School's grid booster club.

A goal of 125 members for the year has been set. Membership last year was over 100.

Present officers are: president, Dr. S. H. Richardson; vice-president, Joe Humplik; secretary, James T. Terry; and directors Charlie Burke, W. O. Rinn and Jim Edwards.

Mrs. Monroe Named Methodist Secretary

The Board of Stewarts of the First Methodist Church named Mrs Dana Monroe Church secretary at last weeks meeting according to Dr. Gus Evans, Jr. president.

New office hours announced by Rev. E. Jewel Strong will be 8 a. m. to 12 noon Monday through Friday.

Trip To The Holy Land . . .III

Pastor Sees Biblical Sites , Scenes

Mr. McGregor reports this week on Jordan though his story is datelined Venezia, Italy, an Italian port city. Later reports trace his travels into Greece and Italy. — Ed.

By A. W. McGregor

VENEZIA, Italy -- We proceeded to Old Jerusalem from Damascus, Syria and Amman, Jordan.

Our party's first stop was at the Good Samaritan Inn. We found the remains of what once could have served as an inn. It is doubtful this was the actual place where the Good Samaritan aided the man beaten and robbed and left for dead, as told in the Biblical story.

A tourist learns quickly in this part of the world to be slightly reluctant to believe all that is said about the authenticity of historic spots . Such places as the River Jordan and the Dead Sea do not change nor move. But because of one civilization building upon another, there is little proof available except the evidence of tradition.

We went on to the River Jordan and the place where John the Baptist likely baptised Jesus. This lonely spot, to the east of Jericho, fulfills all the scriptural requirements and was very impressive.

Jerico was our next stop. The modern city, 24 miles northeast of Jerusalem, stands upon the ruins of Byzantine and Crusader Jericho, the world's oldest inhabited, walled city.

North of tht present city is Canaanite Jericho, Joshua's city. Here we viewed some of the recent excavations concentrated on the mound of Tel Es - Sultan, which have proven the existance of an extensive and highly developed Neolithic civilization, earliest yet known in the world.

Before going to Jerusalem, we stopped by the Dead Sea, lowest spot on earth at 1,297 feet below sea level. We could see Khirbet Qumran, on the shores of the Dead Sea, where recent excavations have brought to light an Essene settlement and where the now famous Dead Sea scrolls have been found.

In the Palestine Archaeological Museum, a gift of John D. Rockefeller, Jr., we were permitted to see some fragments of the scrolls dating back to or near the time of Christ. Even better specimens were shown us on our visit to the Hebrew University in New Jerusalem, Israel.

Finally, we began our journey to Jerusalem. While I had always believed the famous city was a high point in the Bible Lands, I never once conceived of it as being on top of a mountain.

We climbed from 1,297 feet below sea level to 2,466 above sea level at Jerusalem. What a glorious change of climate we found there! From the sweltering heat of the arid desert, we came into a cool, invigorating climate.

In this significant city, now divided from the state of Israel by a "no man's land", I visited Mount Moriah where Abraham prepared to sacrifice his son, Isaac (Gen. 22.2) which David brought and upon which he erected an altar, later superceded by Solomon's Temple.

Today, over the great rock there, stands a Moslum Mosque, the Dome of the Rock, built in 690 by the Umayyad Caliph Abdul Malik Ibn Marwan. It is considered to be one of the world's most beautiful monuments.

I visited the Pool of Bethesda where Jesus healed the man "which had an infirmity 38 years." and then went to Bethany, a small village southwest of Jerusalem, the home of Jesus ' friends, Mary and Martha, their brother Lazarus and Simon the Leper. Here Jesus called Lazarus from the tomb. I went into the deep, dark tomb and was permitted to take a flash photograph.

Bethlehem, about 11 miles south of Jerusalem, is a charming little town with olive groves and green terraces. It is the birthplace of David and Jesus. Beneath the Church of the Nativity, I was shown the traditional site of Jesus' birth.

All who visit this city are impressed with the beautiful Garden of Gethsemane. To me, this was the lovelist spot in all the ancient city. Eight ancient olive trees still adorn the garden and bear fruit.

Although I visited the Church of the Holy Sepulchre, erected upon the traditional site of the Crucifixion, burial and resurrection Jesus, I found it difficult to believe this was the actual spot where these events occured. I was far more satisfied with the site of the Garden Tomb. Excavated in 1883 by General Gordon, this site better fits the description given of the Tomb in the Gospels. Our party arrived at the site at 4:30 a.m. and we remained outside the tomb during the sunrise.

My visit to Jerusalem was concluded by two side trips -- one to Hebron and another to Jacob's Well. Hebron, located 28 miles south of Jerusalem surrounds the Cave Makpelah, where Abraham, his wife, Sara, Isaac, Rebecca, Leah and Jacob lie buried.

Because a mosque now encloses this area, we were obliged to remove our shoes while viewing these tombs.

Jacob's Well is famous to Christians because of the conversation of Jesus there with the Samaritan woman. It still contains water of which I took a drink.

NEXT WEEK — Mr. McGregor recounts his visits to Israel, Greece and Italy, including a public audience with Pope John XXIII.

Services Held For Herschell Longmire

Funeral services for Heirschell Longmire, age 54, who died near his home of a heart attack while hunting late Sunday were held from the Marek - Burns Funeral Home Tuesday at 2 p. m.

Services were conducted by Dr. C. H. Morris of the First Christian church of Camern and burial was in the Oak Lawn cemetery in Rockdale.

Longmire was a retired chief gunners mate of the United States Coast Guard having served 26 years. For the past 7 years he had made his home in the Jones Prairie community.

Milam To See Wildcat Tried To 1,000 Feet

Milam County had another shallow wildcat scheduled to get under way within the next few days -- the second shallow test to be drilled in the county during the past two weeks.

The new wildcat will be drilled by the Summers - Shannon Oil Company of Houston and is permitted to 1,000 feet. Location is on a 100 acre lease on the R. W. Ellison land in Levi Taylor Survey in the north part of Milam County.

It is in the old Baileyville Field, which produced some oil several years ago, but is now depleted.

Operations on the No. 1 Ellison are scheduled to get under way this week.

Earlier this month another shallow test -- this one to go down to 3,100 feet -- was set by two Granger operators, Marinets and Naivar, to be drilled in another area of Milam County about three and one - half miles northwest of Rockdale.

The Martinets and Naivar wildcat will be located on the Walter H. Holliman tract on a 215 acre lease in the Maria J. Delgado Survey.

This will be the second try for Martinets, who drilled a shallow test in that area northwest of Rockdale earlier this year.

Arsonic Acid Extension Told

By J. D. Moore
Milam County Agnet

The use of arsenic acid as a desicant on cotton has been given a temporary extension until March 6, 1961, the Food and Drug Administration announced on Aug. 3.

You have probably already seen this announcement through various news media and trade publications. Federal Register officials are expected to send out official approval of this material within the next few days.

Arsenic acid, usually 75 percent gave excellent drying for stripper harvest in all tests at 1½ quarts in water up to 10 gallons per acre. Use 3 to 5 cone type nozzles per row, 40 to 50 pounds pressure and 3 to 5 miles per hour speed. The Safety Directions on the Manufactures label should be followed. The material is toxic to man and animal and corrosive to equipment. Due precaution and strict sanitation should be followed. Flushing the sprayer with a strong soda solution after each spraying is recommended.

WEB WORMS (Tent Caterpillars) in trees -- Are easily controlled by spraying the entire tree with a two - one mix of Toxaphene DDT at the rate of two tablespoons per one gallon of water.

FEED MILO TO HOGS OR SELL NOW? — According to Sidney Jenkins, Farm Management Specialist, 15 feeder pigs costing $8 per head should require about 9720 lbs of maize, costing $146, and 2040 lbs. of Protein supplement, costing 170.10 to reach an average weight of 220 lbs.

Figuring $15 for vet fees and $10.35 for mineral mixes, a feeder should net around $155 on the 14 head. No charge is made for labor. This figure is based on a 17 cent hog market.

Jenkins based his figures on faize selling at $1.50 per 100 lbs. Local maize is selling for around $1.60 per hundred. Jenkin's figures show that hogs should be selling for $15 to $16 per 100 lbs by mid - winter.

4-H Club Notes

By Robert W. Hoermann
Ass't Milam County Agent

Milam county 4-H members and adults took part in the Milam county swine tour held August 10. All Sears and Farm Bureau gilts and the county Sears boar were visited. The members are doing a good job with their animals.

—

4-H members have been busy working on their 4-H record books during the past week. Record book entries are as follows: Roy Dean Tomasek, Swine; Ronald Kostroun, Leadership; Wayne Moraw, Citizenship; Bailey McAnulty, Tractor; Reed Davis, Achievement; James Robert Hosch, Swine; Dennis Jistel, Homestead Improvement; Arvell Jungmann, Achievement; Carroll Ray Grimm, Beef; Benard Kostroun, Field Corps; Arthur Jistel, Garden; Martin Jistel, Dairy; Gerald Campbell, Garden.

David McClaren, Dairy; Carolyn Jistel, Field Crops; Gwendolyn Jistel, Recreation; Larry Jungmann, Agriculture; Johnnie Ray Richter, Swine; Pat and Nan McClaren, Beef.

There will be a county elimination. First place records in the county will be entered in the District contest. Winners of Senior division contests will go to the State Contest.

The record books show a lot of effort on the part of the 4-H'ers & are superior to those in past years.

—

Henry Tomasek, Jr. has harvested his 4-H Hybrid Grain Demonstration plot. He will enter the results in the Texas Hybrid Sorghum Grain Contest.

Henry used chicken manure to boost grain yields.

—

Larry Jungmann gave a safety demonstration to the swine tour group. He told the group how to clean up some of the farm hazards.

He reminded the group that farm accidents are responsible for the greatest loss of time on the farm.

—

Gwendolyn Jistel led recreation activities during a swine tour break. She made up a new game called "Pig Racing". Roy Dean Tomasek won the race and received the prize. All members of the tour enjoyed the game.

Gwendolyn led other games during the break also.

25th Anniversary Cited For Unemployment Insurance Program

Milam County workers received $53,707.00 in unemployment insurance checks during the 12 months ending July 31, 1960, it was announced today by Wiley D. McDougald, manager of the Taylor office of the Texas Employment Commission.

County merchants were also benefited by these temperary payments to jobless workers in that they were enabled to pay their own bills through this boost in immunity purchasing power," McDougald said.

"This week marks the 25th anniversary of unemployment insurance", McDougald said. "In Milam County we have approximately 137 employers, with a total of 2378 employees, who are covered by unemployment insurance.

"In addition, there are 80 Federal Governmnent employees and ex - servicemen who are protected by job insurance (benefits paid from Federal funds) and several railroad workers in the county are covered by a separate program under the Railroad Retirement Act."

In this anniversary period marking 25 years of unemployment insurance, the Taylor office will take about 30 new job applications, place workers on some 20 to 30 non-farm jobs, several hundred workers will be placed on farm jobs, and will take 15 initial claims for unemployment insurance.

"From the depression days of 1935 when unemployment insurance was created as a major safeguard of the American economy, the employment security agency has been in the middle of economic development through wars, recessions, and prosperous times," he said.

"Similar situations will develop in the next 25 years, making every day a challenging one for everyone of our agency employees," he added.

Cameron Scouts Outline Jamboree At Colorado Site

Cameron Lions Club members Monday heard a report from Felix Matula, Cameron Scoutmaster, and two local Boy Scouts who attended the International Boy Scout Jamboree.

Larry Schiller and George Bowman, Jr., Cameron Boy Scouts, joined with Matula in discussing Jamboree and showing slides of mboree was the mass lighting of

candles by the 53,000 Scouts attending the vast Jamboree.

Slides showed scenes from the Air Force Academy, obstacle course races, cook tents, a 50 - year birthday cake for Scouting and the Heart of Texas "gateway" a map of Texas lighted by buttons showing Central Texas cities.

About 160 Central Texas Scouts attended the annual Jamboree.

Opening ceremonies were narrated by Matt (Jim Arness) Dillon who highlighted the "Founding of America" program.

Scouts representing all 50 states, 55 foreign countries and ages from 12 to 18 lived and worked together in a 23 - acre tent city.

The Cameron group joined other Central Texas Scouts in Gatesville leaving July 19 and arriving the next day on air - conditioned buses.

Outlook On Hog Prices Brighter

COLLEGE STATION — The price outlook for hogs for the next few months is considerably brighter, John McHaney, extension economist, says that prices received by farmers in the last half of 1960 will be higher than those received in the last half of 1969 He says they will not, however reach the peak prices of 1958 and the usual fall price decline can be expected.

McHaney explains that forecasted prices rise by pointing out that the 1960 spring pig crop was down 16 percent from the 1959 spring crop. This decrease was brought about mainly because fewer sows farrowed and fewer pigs were produced per sow.

Spring prices in 1961 will be largely determined by the size of 1960 fall crop, McHaney continues. According to the present crop forecast, the 1960 fall crop should be smaller than the 1959 crop, thus the prices received in the spring of 1961 should be higher than those received this year.

The specialist concludes with a word of warning for swine producers. He says there are indications that this downtrend in production may be the shortest on record, and just because prices may be better in the last half of 1960 and in the first few months of 1961 is no reason to believe that prices will bring satisfactory returns to all producers in the last half of 1961.

Large Group Of Producers Attend County Swine Tour

By Robert W. Hoermann
Ass't Milam County Agent

A large group of interested swine producers attended the Milam County swine Tour held Aug. 10.

Overcast skies that ended in rain did not hold back the tour group which observed management and swine selection practices.

Dr. R. M. Titsworth farrowing facilities were visited first. The group then visited Dennis Jistel and Ronald Kostroun, Marek; Larry Jungmann, Yarrellton; Calvin Shenkir, Buckholts; Roy Dean Tomasek and Gwendolyn Jistel, Ad Hall and Henry Richter, Cameron.

The group enjoyed a sack lunch for the noon meal and then went to look at gilts belonging to Jane Mueck, Cameron, Carey Wayne Offield, James Hosch, Kathy Abel and Penny Graves Sharp.

The tour group then looked at the swine equipment on the Henry Abel farm at Sharp.

Jerry Reeves' Sears gilt at Detmold was the last gilt to be visited on the tour.

The Sears and Farm Bureau gilt owners are doing a good job in caring for their animals. Equipment being used were sand beds rather than mud - holes, shade at least five feet above the ground level so the wind can freely move through, plenty of fresh water and sprinklers to keep the swine cool.

A correct balance of grain, protein supplement and pasture have developed the gilts and boar properly for breeding purposes.

Big Things In Store For Poultrymen At Convention

COLLEGE STATION — Decisions of vital importance to the Texas poultry industry will be made during the annual meeting of the Texas Poultry Industry Exposition, August 23 - 25, in Fort Worth.

Convention headquarters along with all meetings, will be held in Hotel Texas.

Sure to be a highlight of the program, according to Ben Wormeli, extension poultry husbandman, will be the discussion on the last afternoon of the convention covering the feasibility of organizing an over - all poultry organization in the State. President C. D. Calhoun, Texas Poultry Improvement Association, will introduce the subject with floor discussions to follow. The specialist classes the decision to be reached here as of great importance.

Each of the three morning programs will feature nationallyknown authorities as featured speakers. turkeys on Tuesday, eggs Wednesday and broilers on Thursday. On Tuesday and Wednesday afternoons, Tom Lawrence, Kansas City Mo., who two years ago was a feature of the annual meeting, will pass on to those in attendance practical advice on personal relations and slaesmanship. This part of the program alone, believes Wormeli, will make attendance at the convention very much worthwhile.

Business sessions of the Texas Turkey Federation: Texas Egg Council and the Improvement Association along with the election of new directors and officers for each are scheduled for the first two afternoons of the convention.

Wormeli says plenty of recreational activities have also been planned including their naming and crowning of the 1960 Texas Turkey Queen, luncheons and the always popular annual banquet and dance. In addition, 35 companies will have exhibits which will feature the latest in poultry equipment, feeds and supplies.

It's the kind of a convention, Wormeli says, poultrymen and others in the industry can't afford to miss.

MRS. BILLY CLARK HIPP

Reid-Hipp United In Candlelight Ceremony

The First Christian Church was the setting Saturday night for the candlelight wedding of Miss Rita Frances Reid and Mr. Billy Clark Hipp of Texarkana.

The bride, daughter of Mr. and Mrs. Frank Hempsted Reid, is an honor graduate of Yoe High School. She received her B.A. degree from Texas Woman's University in June. She was a member of Alpha Kappa Delta, Pi Lambda Theta and Sigma Tau Delta honorary fraternities.

The bridegroom, son of Mr. and Mrs. Clark Hipp of Texarkana, graduate of Texarkana High School, Texarkana Junior College, Spencer Business College of Shreveport Louisiana. He received his BBA degree in accounting at North Texas State College in Denton where he was a member of Delta Sigma Pi fraternity. He is employed by Arthur Young & Co. of Dallas.

Dr. C. H. Morris officiated at the ceremony before an altar banked with large baskets of white fajii mums and comador palms centered with spiral candelabra and seven - branch candelabra showered with emerald foliage. The coupel knelt on a satin pillow which ested upon a white wrought iron kneeling rail entwined with English ivy.

Mrs. Hilliard Thomas, organist, played nuptial music and accompanied Mis Connie Marquez of Alice, who sang "Because" and "The Lord's Prayer".

The bride, given in marriage by her father, wore a formal wedding gown of silk organza. The floating skirt panels and bodice were rows of tiny enbroidered roses. Rows of angelic tiers of organza cascaded down the back to form a chaple length train. The brief sleeves were complimented with matching gauntlets. Her fingertip veil of bridal illusion was held by a garland of pearlescent orange blossoms frosted with organza roses. She carried a cascade bouquet of white philanopsis orchids, stephanotis and seed pearls.

Miss Helen Grace Reid sister of the bride, was Maid of Honor and wore a floor length champagne silk organza gown with embroidered molded scoop neckline with matching hat and gauntlets. She carried a cascade bouquet of bronze doty mums entiwned with English ivy.

Anita Alice Chambers was flower girl, dressed in beige organza over green taffeta with floral headpiece and she carried a decorated white basket of flower petals.

Jimmy Don Hipp attended his brother as best man. Ushers were Ralph Wallace Chambers and Bob Wilbanks.

The bride's mother chose a dress of Italian silk with double silk organza collar with matchings acessories and an orchid corsage. The bridegroom's mother wore a blue silk suit dress with matching accessoris and an orchid corsage.

A reception was held at the bride's home immediately following the ceremony. The table was laid wtih a white satin and net cloth and centered with the bridal bouquet.

Mrs. Neil Barr and Miss Joan Barmore served at the silver punch bowl while Mrs. Brann Allison and Mrs. Carl Hill served the fourtiered wedding cake. Arrangements of fujii mums an d fern were placed in the reception and gift rooms. The guests were registered by Mrs. Ralph Chambers, cou- of the house party were Mmes. Alva Sanders, Jess Brock, Herbert Colburn, Morris Eplen, Dow Eplen, Alvin Witcher, H. L. Blanton, Robert Johnson, Phillip Reid, Thomas Estes and Misses Connie Marquez, Anita Archer and Jane Bird.

For a wedding trip to New Orleans and Florida the bride wore an imported white brocaded suit with small blue hat formed of velvet roses. Her bag and shoes were of matching blue pearlized leather. She wore a white orchid corsage and gloves.

The couple will live in Irving, where Mrs. Hipp will teach this fall. After August twentieth the couple will make their home in Irving at 412 East Eighth Street.

Mr. and Mrs. Talmage McGregory and sons and Mrs. Frellia Meyers visited relatives in Texas City and spent Sunday in Galveston.

Five Yoemen Change Position For 1960 Season Contests

Five of Cameron's biggest guns this eyar are in position new to them. This is a move that is usually unagreeable to the players and can prove disrupting when the Yoemen-s first contest comes around.

Such is not the case with Cameron this year. Of the five involved in the fruitbasket turnover, four definitely like the new position better and a fifth is pro and con.

David Barkemeyer could make the biggest difference. A center the past two years, the lanky 6 foot 3 inch blond has moved to left end and claims that center is strickly for the birds.

His replacement, Eugene Schatle. disagrees. The 200 p o und sophomore perfers the center position over his former left tackle spot.

Roy Wohleb, 160 pound senior rated as an understudy halfback last year and has shown real promise at right end. "You don't get busted as much by the big guys and still get in on plenty of action," as he puts if.

Carol Fikes has moved back to his old perferred spot at right halfback. Fikes is weighing 150 pounds and favors the halfback spot. Chris Gay is the only neutral player of the bunch. Hos move from halfback to guard could be a deciding factor in the stability of the line.

What's Nikita Up To Now?

The United States has lofted a balloon into a thousand mile-high orbit. It is 10 stories tall and reflectorized to bounce radio beams from one part of the globe to another for immediate transmission.

At the same time an experimental rocket plane climbed to 131,000 feet in the sky for a record manned ascent.

It is a far cry from the days of 1957 when Soviet Russia was crowing about its "Sputnik" and "Lunik" which showed this nation behind in the race for space.

Khrushchev's attentions are closer to home. Apparently concerned in the further propaganda potential of the U - 2 pilot's case, he has called for a get - tough policy with foreign nationals visiting Russia. Several young Americans have been expelled from Russia in the past few weeks, prior to American Pilot Francis Powers' trial.

Perhaps Mr. K is on the defensive. He is trying to establish some aura of "spymanship" about the United States since interest in the Powers case is world wide. It appears he is setting the stage to justify a guilty verdict for the 30 - year - old American. He has already undergone the "brain washing" technics now familiar to the West.

It is curious that Russia could ignore the latest American achievements in space. It suggests that Russian government's only purpose is to point to one international goal at a time, such is the 1957 space efforts or the 1960 U - 2 incient and Powers trial.

What new adventures in world propaganda have the Russians started? With the disposition of the Powers case, we will know more.

We can be assured that Russia is not overlooking the recent U. S. space achievements. Khrushchev's knack for the propaganda spectacular will somehow answer these advances at a later date.

Travel Articles Add Scope . . . . .

The Herald is currently running a series of articles on the Middle East sights and scenes visited by Mr. A. W. McGregor, pastor of the Marlow Baptist Church.

It is the fourth article or series in this newspaper in the three years that trace the experiences of a Milam Countian in foreign lands.

One might thoughtfully ask: Why is a Central Texas weekly running stories on such far away places?

It is apparent that 600-mph air travel, rockets and satellites have shrunk the ouce mysterious globe to a well traveled lemon. People of many nations, mostly American, are searching out the futhest crevass of human culture, even behind the Iron Curtain.

It is perhaps more fitting to ask why this newspaper does not run more features on foreign travel. We have touched down in Japan, India, Pakistan, the Netherlands, Belbium, West Germany, the Middle East, Southeast Asia, Mexico and other parts of the globe.

We hope the merit of these stories, written by enthusiastic correspondents in hotels, aboard ship and airplane, is appreciated.

We believe that a small newspaper can serve a wider scope than the limits of Cen-Tex geography. There is necessity for this attitude.

It is easier to understand the big, bold world headlines when we know a bit more about the people who write them.

WHY PAY TO HEAT MORE THAN ONE HOUSE WHEN YOU LIVE IN ONLY ONE?

GAS saves you the difference!

Gas continues to be your biggest bargain and is still your most dependable source for home heating. No other method can compare with GAS for comfort, efficiency, safety and dependability. Gas heat is cleaner, fresher—constantly flowing—with fresh-air intake the air completely changes every hour. Prevents lingering of stale household odors.

Gas is safest by far—figures issued by National Board of Fire Underwriters prove that gas is unquestionably the safest source of controlled energy in your home. Gas heating is more dependable—delivered underground safely—wind, ice, storms do not interrupt gas supply. Consider all the facts—you'll always stay with gas. Only GAS heats so much better . . . for less! See your gas heating dealer or

Election Year Upsets Work

By Vern Sanford

AUSTIN — Election year upheavals plus Texas' "lame duck law" are playing havoc with the work of interim legislative committees.

Atty. Gen. Will Wilson ruled that, except in special cases, interim committee members not re - elected to the Legislature may not continue to serve on the committees. This brings a shake - up in the membership of a number of study groups now in the midst of their work.

Biggest change will be in the make - up of the House General Investigating Committee which has been asked to look into several politically touchy questions. Going off the five - member committee are the chairman, Rep. H. J. Blanchard of Lubbock, and Reps. Joe Burkett of Kerrville and Carl Conley of Raymondville.

Nine other legislative committees lost one or more members who either did not run again or were defeated.

Not affected were members of the Commission on State and Local Tax Policy. Attorney General noted that this group was set up under a law which specifically provided its members should serve a two - year term.

Also continuing to serve, whether re - elected or not, will be those members of the Legislative Council and Legislative Budget Board who — like the Speaker of the House — are members because of the jobs they hold.

In the appointment of committees on which "lame ducks" may not continue to serve, next year's speaker and lieutenant governor face a problem. Only way to prevent vacancies would be to second-guess the political future of each appointee.

YOUTH CRIME RISE SEEN

Juvenile delinquency in Texas will get worse before it gets better, the Texas Youth Council director predicted.

Dr. James Truman presented to the Legislative Budget Board the Council's request for an appropriation of $4,235,470 for the coming biennium. This is an increase over the present two - year allocation of $3,487,442.

A part of this increase is to build for future needs. Turman noted that the Gatesville Training School for Boys had 403 boys in 1950 compared to its present average of 1,300. He predicted an average population of 1,790 during the coming two years and 2,959 by the end of the sixties.

Turman also urged the setting up of a system of paid parole supervisors "to keep some of these kids from coming back." He said that some of the boys had been to Gatesville as many as five times and that up to one - third were repeaters.

ANTI LOAN SHARK COMMITTEE

A citizens committee is being former to work for approval of a constitutional amendment to give the legislature more regulartory power over the small loan industry.

Abner V. McCall executive vice-president of Baylor University, is chairman and Tom Reavley, Austin attorney and former secretary of state, is vice chairman.

Proposed amendment will be Number Four on the general election ballot in November. It would give the Legislature power to license and regulate lenders and set maximum rates of interst. Until and unless the Legislature set a new rate, the present constitutional maximum of 10 per cent would apply.

Adoption of Amendment Four is an essential first step, said McCall, to wiping out Texas' reputation as "the lone shark state." He said that Gov. Price Daniel Lt. Gov. Ben Ramsey and Atty. Gen. Will Wilson favored the amendment and were honorary members of the committee.

TEC HITS CHEATERS

Texas Employment Commission has filed complaints against some 100 persons accused of drawing unemployment compensation pay while actually working.

As a result of a widespread investigation, TEC has filed several score suits against persons it declared were receiving benefits and salaries at the same time.

Some of the defendants have already been tried, fined and ordered to repay the money received from TEC. Most of the cases involve workers in Houston and Brownsville.

Law provides that workers who lose their jobs through no fault of their own and cannot get other jobs may receive $28 a week for up to 26 weeks, while unemployed. Violators can receive up to a $50 fine and 30 - day jail sentence.

Air Force Examiner To Conduct Tests

Sgt. Bill Finch, the local Air Force Recruiter, announced that the Air Force Testing Examier will administer the Air Force AQE - D test to all qualified personnel in the Temple Area, this coming Monday. The test will be given at the 1st National Bank Suite 814, starting at p. m.

Anyone desiring information or to take this test are urged to contact Sgt. Finch.

I Give You Texas

By Boyce House

Only a few days before as I was leaving T. C. U. Stadium after the Baylor game, a broad - shouldered individual asked, "Aren't you Boyce House?" I owned up that I was me and he said, "I played guard at Ranger and you picked me on your all - star team." (His name: W. E. Mitchell, now living in Gladewater.)

You know, every now and then, an old sports writer has his day brightened up.

—

In the Middle Ages, if a man was accused of a crime he was tried by ordeal. He was thrown into a river and if he didn't drown, this proved he was guilty and they hung him. If he drowned, this proved he was innocent and they buried him.

In the time of Charles Dickens, if a man didn't pay his debts, he was imprisoned. If a man couldn't pay his debts whe he was free, how could he pay them if he was in jail, without a chance to work and earn?

I reckon I'm just stupid not to be able to understand these things.

My debating coach in high school days taught commercial law and I recall one of his stories. Mr. Highsaw told about a rancher who had been on a trip. He wired to his foreman, "Am arriving on Tuesday morning train. Meet me. Bring Shep." Shep was his favorite dog. But the telegraph company delivered the message with the wording, "Bring sheep" So the foreman set out in the middle of the winter with several hundred head of sheep and most of them froze to death. The rancher sued the telegraph company. Did he win? Don't ask me -- but I do remember the story.

—

I was leaving the Piccadilly Cafeteria in Austin recently when a man asked, "Didn't you use to live in Ranger?" I confessed this was true. He said, "You wrote me up when I played high school football. I still have one writeup." He was Richard Conley, now with the City National Bank in Austin who, around 1930, played in the Bulldog backfield.

Three Delegates To Attend Austin Aging Conference

Three delegates to be the official representatives of Milam County at the Governor's Conference on Aging in Austin Sept. 7-8 have been designated, it was announced this week.

They are: Mrs. Mildred Wheeler and F. L. Gregory of Cameron and Rev. Ben Skyles of Rockdale.

The Austin Conference is expected to attract at least 700 persons, all of whom are interested in problems of aging and most of whom participated in "grassroots" studies in nearly all of Texas' 254 counties.

The major task of delegates at the State - wide Conference will be to draw up a list of Texas' recommendations to be submitted at the White House Conference on Aging in Washington January 1961.

Available for scrutiny at the State - wide Conference will be tabulations of answers to questions asked not only on a county level but also on the State level; a statement of conclusions on the survey findings prepared by six subcommittee chairmen; and a set of preliminary recommendations drawn up by the Governor's 122 - member Advisory Committee.

From this material the State conference will develop the Texas recommendations.

The six fields of study that will be covered in the Texas report are: Population trends and Research and Traiing; Income and Employment; Welfare; Health; Education and Recreation and Housing.

All surveys, both on the State level and the county level, penetrate the subjects from the standpoint of the needs, resources and interests of Texas senior citizens.

Presiding at the State - wide Conference will be Senator Crawford C. Martin of Hillsboro, chairman of the Steering Committee.

A Session Of Congress Before The Election Will Ruin Politics

Dar editar:

I don't know how it happened and I hope it never happens again, but this idea of a session of Congress before an election, instead of afterwards, has me worried.

What I'm afraid of is it will destroy one of the most cherished things in American political life from the precinct level to Washington, namely, PROMISES.

Next to a handshake, I guess a promise has been the strongest weapon a man could have when he's running for office, although this doesn't mean a wife and kids don't help too, and I'll never understand how both parties managed to get in a position like they are now where they have a chance to deliver on their promises before the election. It seems to me it's undermining the entire system of politics.

In the first place, a promise should be dangled in front of a man longer than from July to August of the same year. How much fun would kids get out of Christmas if they didn't start wishing 'til Christmas eve?

A man lives on promises, at least us farmers do. Pick out any year you want to, and if the average farmer hadn't thought the next one wasn't gonna be better than that one, you wouldn't have much farm population left, or any crops.

The same is true of politics. The very least a voter can do is enjoy a set of promises from convention time in the summer to legislating time along in early spring of the next year, but this idea of promising in July and dashing hopes in August, takes all the fun out of life. If a man can't dream of a better life, of more aid and fewer taxes, longer than two or three weeks, reality will get him down and politics will begin to lose its appeal. It's the craziest thing I ever heard of, trying to deliver on a set of promises before the people have a chance to vote on you. Let's get back to the old system.

Both parties have promised to help the farmer, but if they're wise they'll wait till the planting's all done next spring before they tackle the job.

Yours faithfully,

J. A.

Draft Board Quota 406 For September

AUSTIN — The state quota for Texas draft boards in September calls for 406 men, Col. Morris S. Schwartz, state selective service director, announced Tuesday.

The State's September call of 406 compares with a quota of 359 for August and 290 for July. The September call is the state's share of a national quota of 8,000 men, all for the Army.

Col. Schwartz also announced pre - induction physical and mental examinations for 1,190 men in September.

Local Board quotas for the September call already have been figured and sent to the states 137 local boards.

The September quota will be filled with men who are at least 22 years old on September 1, 1960, with the exception of volunteers or delinquents, who may be younger.

Herman Sons Launch Membership Drive

SAN ANTONIO — Fritz Schilo, grand president of the Sons of Hermann in Texas, today announced the launching of a three month's membership campaign for the statewide fraternal order. Hermann Sons currently number 52,000.

The drive, to continue through October, will be known as the Big D Pre - Convention Membership Campaign, based on the fact it will be the order's last campaign prior to the triennial Grand Lodge Convention, scheduled for Dallas in May 1961.

The Sons of Hermann lodge in Cameron is Cameron Lodge No. 140. E. H. Boedeker is the local lodge secretary.

Felix A. Krause is secretary of Burlington Lodge No. 235 at Burlington.

Ad Facts No. 8

Buying interest in the compact American cars is now running at a high rate. Estimates for 1960 compact car sales are over 2 million units. Newspapers play a dominant role in informing consumers about them. In a recent survey, more people mentioned newspaper ads and or newspaper stories than mentioned any other single information source.

Proposed **CONSTITUTIONAL AMENDMENT**
NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

SENATE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas, increasing to three and one-half percent (3-½%) the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended by adding thereto the following:

"The foregoing notwithstanding, bonds hereafter issued by the Veterans' Land Board pursuant to the authority of this Section 49-b of the Constitution may bear a rate or rates of interest not to exceed three and one-half percent (3-½%) per annum.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section to bear interest at a rate or rates not to exceed three and one-half percent (3-½%) per annum."

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section to bear interest at a rate or rates not to exceed three and one-half percent (3-½%) per annum."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of the state.

Proposed **CONSTITUTIONAL AMENDMENT**
NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rates of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency cancels or refuses to grant any permit; providing for the necessary election and the form of the ballots; and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 11, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; provided, however, in the absence of legislation fixing maximum rates of interest all contracts for a greater rate of interest than ten per centum (10%) per annum shall be deemed usurious; provided, further, that in contracts where no rate of interest is agreed upon, the rate shall not exceed six per centum (6%) per annum. Should any regulatory agency, acting under the provisions of this Section, cancel or refuse to grant any permit under any law passed by the Legislature; then such applicant or holder shall have the right of appeal to the courts and granted a trial de novo as that term is used in appealing from the justice of peace court to the county court."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have prfated thereon the following:

"FOR the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

"AGAINST the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

Sec. 3. The Governor shall issue the necessary proclamation for the said election and have the same published as required by the Constitution and laws of this State.

Information To Help You Locate Persons By Address

When you want to find the address of a friend or relative with whom you have lost contact, or a person who owes you money, or a good prospect for a business proposition, do you call the post office? If so, the following information can save time and trouble for both you and your postmaster.

Postal service regulations prohibit specifically the giving of information about addresses, either current or former, to the general public. Contrary to individual belief, post offices do not maintain directories of those they serve. The only records of addresses any post office keeps are the written changes of address submitted by patrons when they move. These are kept for a maximum of 2 years

"There is however, a legitimate and effective means of obtaining a former address," says Postmaster J. R. Hays. "That is by sending a registered or certified letter to a patron at his old address and requesting the new address where delivery is made. This costs a few cents in addition to the postage, but usually is a good investment.

The post office also provides a service for correcting mailing lists used by concerns or persons for the solicitation of business by mail. This is done at the expense of the owners of the lists. If this service is desired, patrons must submit typewritten or printed lists on 3" x 5" cards to the post office which serves the address, one name and address to a card. The owner's name and address must appear in the upper left - hand corner of each card. Names to which mail cannot be delivered or forwarded will be crossed off; incorrect house, rural or post office box numbers will be corrected. Numbers representing incorrect or nonexistent street addresses will be crossed off, but numbers will not be changed or added, the minimum charge for each list corrected is one dollar. For lists of more than 20 names or addresses, the charge is 5 cents per name or street address. Payments for this service must be made in advance by cash or money order.

Don't depend on the post office to give information about either present or former customers. But do depend for help on mailing problems of all kinds by calling OX 7-2662.

O. J. Thomas Announces Fall Opening Schedule

Albert G. Whiteside, principal of the O. J. Thomas School outlines the following schedule for the opening of the fall term at O. J. Thomas

Tuesday, August 30 beginning at 9 a. m. faculty meeting in Library.

Wednesday August 31 at 8:40 a. m. to 12 noon pupils registration of all grades.

Pupils in grades one through five will register at stations that will be set up in the gymnasium. This does not mean that these grades will be permanently assigned in the gymnasium.

Pupils of each of the other grades will register in and have permanent homeroom assistment as follows:

Grade six, room 116; grade seven , room 121; grade eight, H. E. Dept., grade nine, room 119; grade 10, science room; grade 11, room 120 and grade 12 library.

The principal advises parents having a child or children entering the first grade for the first time, to make sure each child has his birth certificate and a certificate or a statement from a physician showing he has been immunized against diphtheria and small pox.

Parents are privileged to have their children immunized against any other disease they desire or their physician recommends, Whiteside said.

Thursday September 1 at 8:40 a. m. classes will begin. The lunch room will open and lunches will cost the same as last year, 25 cents for students and 35 cents for teachers.

IT'S GOOD FOR THE FAMILY!

Picnics like going to church should be a family affair. The sharing of the fun of a picnic brings real family understanding. It's the same sharing that is developed in the church. An universal feeling of companionship and close kinship with one great family is yours when you worship in the church of your choice.
